## THE RAINBOW CHAROLLAIS FLOCK

MUSCLING IN TO MEAT THE INDUSTRY NEEDS

Bred for performance. Bred with pride. Bred for customers profit.

Consistently breeding high index rams with superb muscle & growth EBV's that give high returns.  
High Index Rainbow Rams are being successfully used by both commercial farmers & breeders.

### Premier Team 2008

The following Rainbow Ram Lambs will be offered for sale at the Welshpool Premier sale on 7th July.

The Rainbow Charollais Flock is currently situated in a Bluetongue Clear Zone.

All of the following Rainbow Ram lambs have a Scrapie Genotype of ARR/ARR. They are within the Heptavac-P+ System and have been outside since the 8th March.

#### XPU8011 – Rainbow Icon

DOB 01 Dec 07 Embryo ARR/ARR Sire XPU 5028 Rainbow Fame & Fortune Dam ZGG4037

This chunky fellow is exactly the same way bred as Rainbow Gambler who was sold to the Southam flock of Lionel Organ. Sire was a multi-show winner and Icon has proven to be "like father, like son" on his first outing by taking home the title of Interbreed Champion Ram Lamb.
